

SINTERCAFE®

November 11th -14th

Marriott Los Sueños

Playa Herradura, Costa Rica

Without a doubt Sintercafe is the most advantageous and best attended coffee event taking place in a coffee producing nation. Each year more than 500 participants come to Sintercafe pursuing the opportunity to exchange information, share their experiences, and interact with the world's top-notch coffee community in order to strengthen coffee commerce globally.

CADENA DE VALOR

■ Consumidor ■ Productor ■ Otros

I look forward to Sintercafe every year as it is a great place to connect with the people you work with across the Americas in one location. I also find the size of the conference to be perfect; enough people coming from different segments of the industry that you can find the people you want to see, though small and intimate enough that you can always find a quiet space to have a good conversation and catch up with the people important to your business.
